*This unique 2- day workshop will highlight the dynamics of “**high performing teams**”, and help you **develop a roadmap** to get there! You will understand how individual styles play a part in the team’s interactions, and then you’ll have a chance to put those differences to work for you. Receive valuable tips, techniques and methods that will help bring out the “**Team Builders**” in all of you!*

I. Assess your Team’s strengths and challenges

- ✚ We will administer a customized survey to gather feedback that can help your teams function as a “**well-oiled machine.**”
- ✚ Hold individual interviews with key members of your team.
- ✚ Produce our findings in a graphic and easy to understand format.

II. How Management and Behavioral Styles affect Team Performance

- ✚ DISC Tool - What’s your style? What are the styles of your team members?
- ✚ How can you “Flex your style” to be more effective with others?

III. Team Building Workshop

- ✚ Learn how to avoid the “**5 Dysfunctions of a Team.**”
- ✚ Work on your real initiatives with real goals.

IV. Roadmap for Moving Forward Toward Your Strategic Goals

- ✚ Forge stronger relationship among team members
- ✚ Learn how to be supportive, effective and communicative team members
- ✚ Agree on what needs change, how to do it, and who will be responsible!
- ✚ Commit to the plan!

VII. Follow Up and Sustain

- ✚ Follow up Meetings to measure progress and sustain effective Team-Building
